## INVITATION: INFORMATION DAY FOR BUS RAPID TRANSIT SYSTEM DESIGN TENDER

Tuesday 5<sup>th</sup> July 2011, 14:00-16:00  
Sea Casino Cultural Centre, Burgas

We have the pleasure of inviting you to the Information Day on Bus Rapid Transit (BRT) System Design Tender on 5<sup>th</sup> July in Burgas.

Burgas Municipality is implementing "Burgas Integrated Urban Transport" Project. The project is financed by the OP "Regional Development" 2007-2013 and by the Municipality.

The project is now in its first stage and the core output is expected to be a tender for the design of the BRT system and its elements. The tender will require analysis of current road network in compliance with the proposed BRT route, bus priority management, analysis of current bicycle network, design of new bus stations.

The Municipality wishes to invite all interested parties in order to provide transparent and full information on the tender procedure.

More information on the tender can be found at [www.burgas.bg](http://www.burgas.bg) after 28<sup>th</sup> June.
